

# BOSCH THAILAND GUIDE

Bosch, a leading global supplier of technology and services, has been present in Thailand since 1923, through its network of partners and distributors. In 1991, Bosch established its first sales office in Bangkok. Today, Bosch is present in three locations in the country, which includes two manufacturing plants and a research and development center for its mobility division, plus a drive and control sales and services facility in Rayong. Today, all four Bosch business sectors, namely Mobility, Industrial Technology, Consumer Goods, and Energy and Building Technology have operations in the country.

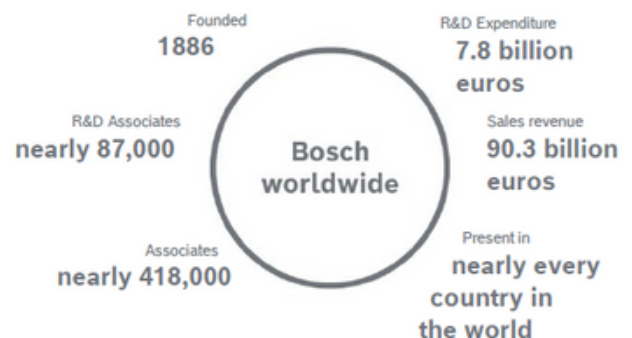

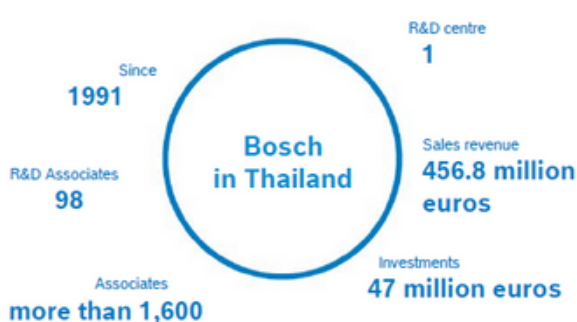

Bosch in Thailand is part of the Bosch Group, a leading global supplier of technology and services. The Bosch Group's strategic objective is to deliver innovations for a connected life. Bosch improves quality of life worldwide with products and services that are innovative and spark enthusiasm. In short, Bosch creates technology that is "Invented for life."
